TileWorks of Bucks County, together with Tile Heritage Foundation presents:

Honor the past - craft the future with your "Stories in Clay"

Doylestown, PA – For more than a century, the tiles made at the Moravian Pottery and Tile Works have told stories about places, people, and craft traditions passed down through generations.

The 26th Annual TileFest in Doylestown is HAPPENING! Tile Heritage has been a cheerleader of this event since its beginning. We support and sponsor the TileFest and honor the tile makers. Not everyone from across the country can attend in person – but your work CAN be represented there this year again!

Tile-making has been a tradition in America since the mid -1870s – over 150 years! As a tile maker you are part of the "Stories in Clay"!

As a tile maker you are a 'steward of clay,' weaving artistry into single tiles or elaborate installations throughout the country for present and future generations to embrace.

Tile Heritage Foundation, since its inception 39 years ago, is the keeper of the "Tile Traditions in America - your Stories in Clay." As a maker you are a contributor to that history, holding an integral place in the Tile Heritage Foundation Archives for posterity.

For TileFest 2026 we once again offer an opportunity to have samples of your tiles for sale at the Tile Heritage booth. ***Each spring we ask for your assistance as a stakeholder in tile traditions by supporting the Foundation with one or two of your distinctive tiles.*** **Your tiles can be donated 100% to Tile Heritage or you may wish to receive back 40% of the selling price – just let us know!** Tiles that do not sell during the Fest may continue to be available in the TileWorks store or at the Tile Heritage table next year.

We all will benefit from your generosity. Revenues from these festivals represent an important financial resource for the Tile Heritage Foundation, and we sincerely thank all of the creative and skilled artisans who have contributed tiles over all these years.

We honor & value your support!
